 **StudyVillage Campaign Resources**
Assisting you convert students to SV students

StudyVillage is an amazing way to make serious commission on top of your university commission. (And do right by your students!). But all agents are busy, following up applications, bringing students in the door and keeping across complex university and visa requirements.

But there's a simple to work with us - let us do the work for you. You enter student and parent details into our form and we commence a non-intrusive campaign designed to inform prospects about StudyVillage and position your agency as a concerned full-service agency provider of choice. When recommend you check the box to see ALL correspondence that comes to and from your student. When we convert, the student into a paying StudyVillage program, we immediately pay you commission.

The campaign itself is not sales heavy - it's centred on providing a FREE resource that prepares them for living, studying and working in their destination country. We call it DestinationPREP. Our partners and agents (and for that matter, parents) are free to undertake the course itself.

An EVEN EASIER way to work this (i.e. not even requiring you to enter their details is simply send them on our Destination Prep email, CC us in (at hr@studyvillage.org), and we'll follow up, check in on progress, and congratulate them on when they finish.

Developed by teachers, academics and expert instructional designers, DestinationPREP is a free resource providing students an interactive insight into key study destinations. It's purpose-built for students thinking about Canada, the UK and Australia for higher education, whether that's pre-degree, undergraduate or postgraduate study. A self-contained pre-departure program, it's an ideal leadup to study, and a way for your agency to demonstrate real value for your prospective students.

Depending on your pace, level of understanding and enthusiasm for exploring further resources, this course will take you between 30 minutes to 2 hours to complete

RUN YOUR OWN BRANDED DESTINATIONPREP CAMPAIGN

TRY DESTINATIONPREP FOR YOURSELF!

Counsellor training for Agency staff

Did you know you can undertake a free training on the StudyVillage program and get officially certified as a StudyVillage counsellor?

This online program is designed to get you up to speed on StudyVillage and enable you to confidently counsel students and parents. Taking between 30-45 minutes to complete it explains each module, and what a program entails, who benefits and why.

It's an ideal tool to allow you to understand StudyVillage quickly and easily and get the program working for your business.

SV Guide](#)

Happy, Healthy & Wise

ELICOS A

 [Download
QuickGuide](#)

For most StudyVillage students, this is the first diploma or degree course module. It tracks progress in the all-important transition into the university phase. And it often involves the very first meeting with your mentor; a friend, muse, and all-round useful buddy. The Settling In module is about: Finding your feet; Adjusting to your new environment; Establishing your study habits; Getting connected and; Preparing for success.

ELICOS B

 [Download

For most StudyVillage students, this is the first diploma or degree course module. It tracks progress in the all-important transition into the university phase. And it often involves the very first meeting with your mentor; a friend, muse, and all-round useful buddy. The Settling In module is about: Finding your feet; Adjusting to your new environment; Establishing your study habits; Getting connected and; Preparing for success.

Settling In

[Download](#)
[QuickGuide](#)

For most StudyVillage students, this is the first diploma or degree course module. It tracks progress in the all-important transition into the university phase. And it often involves the very first meeting with your mentor; a friend, muse, and all-round useful buddy. The Settling In module is about: Finding your feet; Adjusting to your new environment; Establishing your study habits; Getting connected and; Preparing for success.

Consolidating Studies

[Download](#)
[QuickGuide](#)

Now established in student life, the Consolidating Studies module introduces broader elements of happiness and wellbeing, setting the pre-conditions for balance, stability and success. With a focus on study habits and performance, this sections also checks parameters on part time work. Trends and scope for study improvement emerge in this phase.

Tracking Progress

[Download](#)
[QuickGuide](#)

As the name suggests, Tracking Progress is about how you're going so far in your new life abroad. It's about identifying trends, focussing on areas for improvement and celebrating achievements. But it's also about setting up the middle and end stages of your studies. The Tracking Progress module is about setting the foundation for the all-important second and third years of study; closing the gaps between ambition and reality; taking opportunities; Honestly addressing challenges.

Goal Setting

[Download](#)
[QuickGuide](#)

It's time to re-focus on broader ambitions and what it will take to get there. In this module we help you focus by setting some specific goals in important areas of life. We also start to think about what direction you would like to take after you finish your studies. The Goal Setting module is about: Building on the foundation you've already set; Continuing to practice positive habits and lifestyle choices; Thinking about your post-study future; Setting core goals to carry you through to the end of your studies.

Accelerator A

[Download](#)
[QuickGuide](#)

Accelerator A is only available to students taking a four-year degree program. This module checks in on progress made against the goals and aspirations developed in the Goalsetting outline – and again asks you to consider what you plan to do post study. The Accelerator A module is about:

1. Staying motivated and maintaining good habits;
2. Using your goals to drive you on;
3. Breaking ambitious goals down into simple steps;
4. Thinking toward your post-study future.

Accelerator B

 [Download QuickGuide](#)

This module offers you a chance to refresh and choose a new set of goals to carry you through to degree completion. Having experienced one round of goalsetting and tracking, you're well placed to refine your own process, the way you work with your student supporter, and sharpen your ambitions. It's time to setup for a big final year of study. The Accelerator B module is about:

1. A chance to refresh;
2. New goals to carry you through to the end of your studies;
3. Continuing to practice those positive habits and life-style choices;
4. Revisiting post-study plans.

Goal Tracking

 [Download QuickGuide](#)

Like its name suggests, Goaltracking is about tracking the specific goals you've set yourself as we plan for a post-study future. You're now embarking on your penultimate semester of study. The other key aspects of GoalTracking is exploring actions around post-study intentions. The Goal Tracking module is about: Reviewing set goals; Following through; Being accountable for what you've set yourself; Nominating actions to make your post-study transition a success.

Transition

 [Download QuickGuide](#)

Transition helps you through your final semester of study. The module is a timely opportunity to consolidate and assess your plans as you move into post-study life. Whether you're planning to return home or stay in the destination country, 'Transition' requires you to think critically about how you're now positioned.
